Voice Smart Networks Receives Telecommunication Industry's Top Award

Technology Assurance Group (TAG) Selects Voice Smart Networks as its Premier Telecommunication Company at the 2007 TAG National Convention

VENTURA, CA — March 27, 2007 — Voice Smart Networks, a leader in business communications, announced today that the company received one of Technology Assurance Group's top awards at the association's 2007 National Convention held in San Diego in March. Technology Assurance Group (TAG), a national organization of independently owned telecommunication companies representing over \$350 million in products and services, selected Voice Smart Networks as the winner of the "Sales Performance Award" for exceptional economic performance and superior customer satisfaction.

The distinguished award is based on overall financial performance, customer satisfaction, and the ability to provide companies with cost effective and state-of-the-art communication solutions. "Voice Smart Networks was recognized as one of the truly great companies in our industry," said Dale Johnson, president of Technology Assurance Group. "The company's sophisticated management team, led by its President Mark Wadnizak, achieved significant success in an industry

known for rapid change. By staying at the forefront of the latest trends in technology, they helped their customers improve productivity, increase profitability, and give them a competitive advantage."

Mark Wadnizak of Voice Smart Networks accepted the award for the company. "This award illustrates our commitment to complete customer satisfaction," said Mr. Wadnizak. "It is a direct result of our company properly implementing better business practices, building long lasting relationships with all of our customers, educating our team of professionals and empowering them to share their knowledge, and enhancing our performance on a daily basis. We're extremely proud of this achievement and we're striving to exceed this accomplishment in 2007."

ABOUT VOICE SMART NETWORKS

Founded in 1982, Voice Smart Networks is committed to establishing and maintaining a dynamic partnership with every customer. Extensive technology and service experience allows Voice Smart Networks to team up with industry leading manufactures such as Mitel, ShoreTel, and Inter-Tel to develop an understanding of each

customer's unique telecommunications requirements, and in turn, custom design solutions that increase their customer's profitability and make their customer's more competitive within their own industry.
