NEWS FOR IMMEDIATE RELEASE

Voice Smart Networks Honored with 2016 Channel Partners 360° Award

LAS VEGAS — March 31, 2016 — <u>Channel Partners magazine</u>, a resource for indirect sales channels offering IT and telecom systems and services, is pleased to announce that Voice Smart Networks (VSN) has been selected as a winner of the 2016 Channel Partners 360° Business Value Awards. VSN is a leading provider of unified communications in Southern California, with offices in San Diego, Orange County, Los Angeles and Ventura.

Twenty five winners were honored during an awards ceremony on March 16 at the <u>Spring 2016 Channel Partners Conference & Expo</u> in Las Vegas. These winners will be featured on a <u>Channel Partners Immersion Center</u>.

"The response to the third year of the Channel Partners 360° awards was overwhelmingly positive," said Art Wittmann, content director of Channel Partners. "Unlike other programs that honor size and sales, this program recognizes the business value that partners are providing to their customers from holistic systems and services."

"My partner Mark Wadnizak and I are both proud to have been recognized by such a professional group as Channel partners for our innovation and our dedication to bringing today's technology to our clients," said Dale Stein, Voice Smart Networks Managing Partner. "We have won this award for the three consecutive years they have been awarding partners — recognizing the fact that we bring the value to our market place and industry.

Companies completed a Channel Partners 360° application that asked them to demonstrate how they are addressing the convergence of IT and telecom services and how they are creating business value for their customers.

Channel Partners editors evaluated and scored all applications to determine the Top 25 candidates that exemplify the Channel Partners 360° vision.

About Voice Smart Networks

Founded in 1982, Voice Smart Networks is Southern California's leading data and voice company — bringing innovation to small to mid-size companies IT and voice networks. The company's mission is to increase its customers' profitability, improve

their productivity and give them a competitive advantage by implementing the right technology.
